PROFESSIONAL SUMMARY

I'm a developer specializing in web and mobile app design with experience in backend development. Currently, I'm strengthening my expertise in mobile app development, focusing on core fundamentals and emerging technologies. Moving forward, I am eager to transition into the game industry where I can apply my development skills, creativity, and passion for interactive experiences to build innovative games and applications.

EXPERIENCE

Sreenarayanaguru Open University - 01/2024 - Current

Software Developer Intern

- Developed and tested software applications using Java and Python for academic projects.
 - Collaborated with team members to troubleshoot and resolve coding issues effectively.
 - Upgraded products to deliver smooth-running systems.
 - Assisted with testing of client-server network components.
 - Enhanced teamwork abilities through regular collaboration with cross-functional teams including designers, QA engineers, and project managers.
 - Handled scripting tasks for debugging and automation.
 - Tested and deployed scalable and highly available software products.
-

CYBERIA SOFTWARES PRIVATE LIMITED - 01/2023 - 12/2023

Software Developer Intern

- Developed responsive web applications using HTML, CSS, and JavaScript frameworks.
 - Collaborated with designers to implement user-friendly interfaces and improve user experience.
 - Integrated RESTful APIs to enhance application functionality and data exchange.
 - Conducted troubleshooting and debugging of web applications to ensure seamless performance.
 - Developed efficient and maintainable software according to business objectives and needs of clients.
 - Tested and deployed scalable and highly available software products.
-
